WELCOME

Dear OMEP friends,

On behalf of the OMEP Thailand National Committee, it is my honour and pleasure to invite you to the 76th World Assembly and International Conference in Bangkok, Thailand.

OMEP Thailand National Committee has joined OMEP as a National Committee since 1992 and actively involved with educators, teachers, and policy makers to promote quality early childhood care and education in various national and international actions and forms.

In 1996 and 2007, two OMEP regional conferences were held in Bangkok, Thailand. Once again in 2024, the 76th OMEP World Assembly and Conference will be hosted by OMEP Thailand in Bangkok. This will be another important event for OMEP to continue its mission to support the right of all children for quality care and education in line with the SDG4.2 and the Tashkent Declaration and commitments to action.

I take this opportunity to invite you to be a part of and contribute to this important conference.

We look forward to welcoming and greeting you all to Thailand, the birth place of Jomtein Declaration "Education for All".

Udomluck Kulapichitr
President of OMEP Thailand

CALL FOR PROPOSALS

We invite all interested in early childhood care and education to submit proposals to OMEP 2024 Conference on the theme: Right from the Start for ECCE: Step Beyond All Together".

The theme of this conference has emerged from the latest message on the persistent obstacles and challenges needed to be addressed by placing the human rights of children at the center of all practices and the political agendas to overcome the risks, suffering, and injustices, and to ensure the well-being and full development of all young children including the youngest at the founding stage of their lives.

Interested participants, can contribute through:

- Individual Paper Presentation
- Self-Organized Symposium
- Poster Presentation
- Workshop

We have formulated five sub-themes for the conference that cover all the basic requirements, crucial, and relevant content to ensure the comprehensive development, well-being, and the dignity of all young children from birth. We believe that every participant, according to their interests, will be able to find a place and space under these sub-themes for their contribution.
